

BOOTLEGGER IS SLAIN FOR MUSCLING IN ON OTHERS

Lafayette Milton Shaw, Independent Liquor Dealer, Shot Five Times, Thrown From Auto in Front of 1010 Papin Street.

BODY, IN GUTTER, FOUND HOUR LATER

Victim Released Less Than 12 Hours Before by Police After Admitting Effort to Buy Alcohol—His Partner Arrested.

Gang vengeance caught up last night with Lafayette Milton Shaw, known to associates and detectives as an independent underworld operator with a gift for "muscling in" on the criminal activities of others.

Some of his gangster acquaintances "took him for a ride," shot him five times in the face and head at short range and threw his body in the gutter in front of 1010 Papin street, where it was found by a Negro passerby.

Police investigating the murder have established that Shaw had been working lately as a liquor runner and suspect that an effort to "muscle in" on someone else's liquor trade—which is to say an effort to force payment of a share in profits—was responsible for his ruthless execution.

Tried to Buy Alcohol.
Less than 12 hours before his body was found, Shaw had been released by police after having been arrested for investigation Thursday afternoon along with his friend, Elmer Barnes, a paroled and pardoned murderer and burglar. Both men admitted, when taken in custody at Thirteenth and Chestnut streets, that they had been trying to arrange to buy some alcohol "for the trade."

Following the finding of Shaw's body, which disclosed that for the last six years he had been living at 2138 Lafayette avenue with Mrs. May Powers, widow of Clarence Powers, also known as "Little Red," an Earl gangster who was murdered eight years ago, police went to the Egans country resort when the Egans were in the heyday of their power.

Mrs. Powers, known to neighbors as Mrs. Shaw, told detectives Shaw had been "running a little liquor" and gambling for a livelihood. She said he went out after dinner last night, telling her he was "going to make a little money." He left his Ford automobile standing at the curb in front of his home.

Shot at Point Blank.
Shaw's body, found at 10:10 o'clock, lay in the gutter in position which disclosed that it had been thrown from an automobile. Powder burns on the wounds in face and head showed he had been shot point blank. Near the body were fragments of plate glass, possibly from an automobile window broken as his murderers threw out the body. In the pockets were \$2.75 in cash, a watch and chain. On his left hand was a ring.

7000 APPLY FOR LOANS AT VETERANS' BUREAU HERE IN 7 HOURS, MANY JOBLESS

Figure Does Not Include Requests Sent in by Mail or Hundreds Appearing at Two Other Offices.

INDIAN CONGRESS PARTY HEADS REJECT VICEROY'S OFFER OF COMPROMISE

By the Associated Press.
NEW DELHI, India, Feb. 28.—The Working Committee of the Indian Congress party voted today to reject the Viceroy's proposals for a compromise settlement of the party's demands.

It was said that all hope of a settlement of the differences over the status of India had been virtually abandoned by the Congress party.

VETERANS INVADE NEW YORK BUREAU; POLICE OUST THEM

Regional Office Uses 15,000 Loan Application Blanks Before Noon.
By the Associated Press.
NEW YORK, Feb. 28.—The New York regional office of the United States Veterans Bureau exhausted a supply of 15,000 loan application blanks before 11 o'clock this morning and was forced to call police reserves to handle the applicants.

SHERIFF ORDERS HANDBOOKS CLOSED IN EAST ST. LOUIS

Last of 12 Shops Given to Deputy With Orders for
Sheriff Jerome Muncie today ordered the immediate closing of all handbook shops in East St. Louis, deputy sheriffs received a list of the 12 shops now known to be operating and were instructed to close each with orders to close on penalty of arrest and prosecution of proprietors for operating gambling establishments.

Recently Sheriff Muncie closed the "Valley," a notorious vice district adjoining the East St. Louis downtown section.

'LAME-DUCK' BILL KILLED; CONFEREES UNABLE TO AGREE

Norris Announces Proposed
Change in Constitution
Is Dead for This Term,
at Least.

HOUSE SPOKESMEN REFUSE TO YIELD

Insist That a Definite Date
for Adjournment Be
Written Into the Amend-
ment.

By the Associated Press.
WASHINGTON, Feb. 28.—Congressional conferees today abandoned efforts to formulate a constitutional amendment fixing a new meeting time for Congress.

The Senate and House spokesmen refused to yield their respective positions and attempts to bring about an understanding finally were called off. The House insisted upon its provision limiting the second session of Congress.

The Senate conferees refused to approve any limitation, and after another futile conference, Senator Norris (Rep., Nebraska), announced "the constitutional amendment is dead."

The Senate conferees offered a compromise amendment which would be authorized to enact a law fixing a definite date for adjournment of the second session of Congress, but they refused to permit a definite date to be written into the Constitution.

Speaker Longworth led the fight in the House for inclusion in the proposed amendment of a provision fixing May 4 for the adjournment of the second session of Congress. House conferees agreed to compromise by making this date June 4.

Debate on Drouth Relief.
"The House would not surrender," said Norris. "We would not surrender. I am awfully sorry to say the proposal is dead for this session, at least."

Democratic and Republican independent Senators charged in the Senate today that the administration had failed at this session of Congress to provide relief from drouth sufferers and the unemployed.

After Senator Caraway (Dem.), Arkansas, said Secretary of Agriculture Hyde was deliberately withholding drouth loans already appropriated for, Senators Copeland of New York, and Walsh of Massachusetts, both Democrats, brought up the unemployment situation.

Senator Borah (Rep.), Idaho, said the failure was partly due to lack of purpose and courage on the part of Congress. Senator La Follette (Rep.), Wisconsin, also blamed Congress for surrendering in the relief dispute.

If we had adhered to the position taken by the Senate," La Follette said, "we at least would have provided a fund that could be used for emergency purposes. Now it is too late to do anything with a situation which is appalling and will grow more so."

Demanding legislation to effect permanent relief, Senator Smith (Dem.), South Carolina, said "it is an indictment on this administration and previous administration that we produce so much wealth in this country that we go to the poor house."

A widespread reduction in wages was predicted by Senator Barkley (Dem.), Kentucky. He said Congress was adjourning for nine months without any general program for dealing with economic problems.

"Ostrich With Head in Sand."
"During the whole fight," he said, "the Government has occupied the familiar position of the ostrich with its head in the sand."

La Follette said the very people who were leading the relief fight surrendered, and those who wanted relief for the unemployed lost their chance when they joined in that object surrender.

"This debate reveals," Borah then said, "that we are about to adjourn without taking care of those without security and those with security are having difficulty getting the money we appropriated."

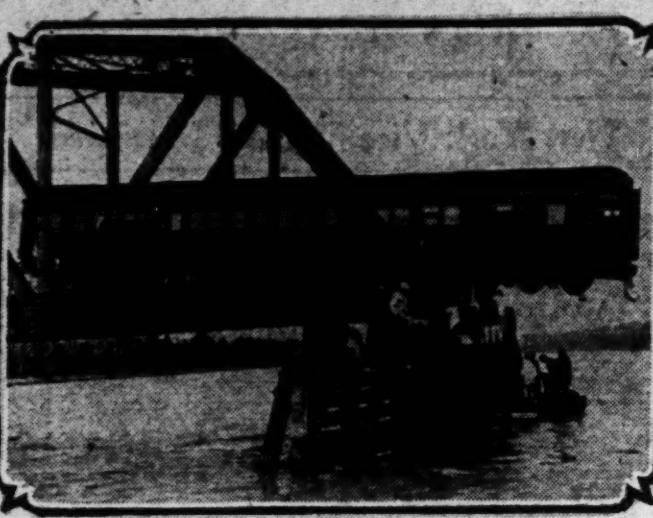

Borah for \$10,000,000 Fund.
"We have four days more in which we may possibly correct that error. I suggested the possibility of putting an appropriation through of \$10,000,000 to be used exclusively for those without security."

"If we do that we will have gone far to redeem ourselves for the failure of the past three months." Congressional leaders declared today they had broken all records with the calendar being cleared of major business four days before adjournment. The important legislation, of the short session all enacted, the lawmakers turned to finishing the odds and ends with time to spare before the hour of adjournment at noon Wednesday.

A veto by President Hoover of the measure providing for Government operation of the Muscle Shoals power plant is awaited in Capitol Hill, but leaders do not see enough votes in sight to enact this over the presidential disapproval.

Woman Killed by Train.
KIRKVILLE, Mo., Feb. 28.—Mrs. W. O. Hibbetts, 65, was killed here when she failed to notice an approaching freight train as she and several other women were walking across a track.

Where Part of Passenger Train Went Off Bridge at Open Draw

The locomotive and one car of the Pan-American Limited, Louisville & Nashville train, plunged through an open drawbridge over the Mobile River, Feb. 25, carrying four trainmen to death. The first Pullman on the train, shown in photograph, hung precariously on the edge, but its 18 passengers left the car safely. Officials believe the bridge had been opened to allow passage of a river tug, and said an automatic signal should have informed their engineer the draw was open.

ITALY ADHERES TO LONDON NAVAL PACT; FRENCH ACTION LIKELY

Continued From Page One.

basis satisfying Italy's stand for virtual parity.

Terms of the London Pact.
The London naval treaty, signed last April, prescribes limitation and reduction of naval armament for the United States, Great Britain and Japan, and agreement on some phases of the naval disarmament problem among those three nations, France and Italy.

The first three signatories are parties to the limitation and reduction agreement. France and Italy signed only those sections relating to "humanitarian" of submarine, a capital ship holiday and certain other technical phases. Dec. 31, 1936, is set as the terminating date of the treaty.

Under the limitation clauses 8-inch gun cruiser tonnage is fixed at 18,000 tons for the United States; 14,600 for Great Britain, and 10,800 for Japan. Six-inch gun cruiser tonnage, United States 14,500; Great Britain 12,500; Japan 10,000. Destroyers, United States and Great Britain 1,500; Japan 1,050. Submarine tonnage is equal at 5,200 tons for each of the three.

There is a safeguard clause which provides that if any one of the signatories should fail to carry out its obligations, the other signatories may make proportionate increases in their own tonnage.

Italy declined to join a five-power pact which would have placed the principle of Italian parity with the navy. France declined to meet this condition, which meant French inferiority in the Mediterranean, since France is obliged to maintain a naval service, an obligation which does not rest upon Italy.

Proposal to Receive Approval of the United States.
By the Associated Press.
WASHINGTON, Feb. 28.—The plan for the adherence of France and Italy to the London naval pact, if satisfactory to Great Britain, is expected at the State Department to receive the approval of the United States.

It was considered probable that the exact status of the indirect, tentative Italian-French naval relationship will not be known until a full report is received from either Paris or Rome.

The attitude of officials was, however, that the United States, having attained the principle of parity with its fleet in the navy, would be willing to accept an agreement acceptable to the British, who have been directly concerned over the relationship of their navy to that of France and Italy than is the United States. Japan is expected to take the same attitude.

The attainment of even the tentative agreement was considered to mark further progress toward the fulfillment of the aims of the London conference rather than anything so far.

Although the American interest in the forthcoming League of Nations general disarmament conference is not considered as important as that of some European nations, officials said today they considered a working out of the Franco-Italian problem, even if it went further than its present status, would at least partly lift cloud which had hung over the conference in 1932. If it opened without any semblance of agreement on navies between France and Italy.

Brand Optimistic: Awaits Details of Agreement.
By the Associated Press.
PARIS, Feb. 28.—Foreign Minister Aristide Briand was optimistic today over the result of British and Italian naval negotiations at Fontainebleau. He told the Associated Press correspondent, "I hope to see emerge a solid boat which will be good for navigation."

"That's all I have to say about the naval accord," he concluded, declining to go into the matter further until he was made acquainted with the terms of the agreement reached at Rome today between Great Britain and Italy.

As a sequel to the apparent success of the negotiations, Arthur Henderson, British Foreign Secretary, today was mentioned widely as a candidate for the presidency of the International Disarmament Conference, to be held in 1932.

Front officials told the Associated Press they expected that the naval accord in principle would be followed by adherence of France and Italy to the London naval treaty.

The French Foreign Office was kept constantly in touch by long distance telephone with the details of the conversations in Rome, and for this reason it was believed that the meeting tomorrow between Briand and Henderson would be more a matter of form than of detail.

Budgetary Limitation Principle for Armaments Approved.
By the Associated Press.
GENEVA, Feb. 28.—An important stage in preparation for the world general disarmament conference to be held next year was completed today when the committee of experts on budgetary questions reported unanimously in favor of budgetary limitation as a means of limiting armaments.

This method was adopted in the draft convention drawn up by the preparatory commission for the disarmament conference and the committee of budgetary experts was asked to discuss means of applying the principle. The committee decided that the method could be made to work satisfactorily and in its report established a model of armaments limitation which it suggested that the governments fill in before the conference meets.

Policy of Budgetary Limitation.
During the preparatory commission's discussions many proposals were expressed, particularly by the American delegation, regarding the possibility of applying the principle of budgetary limitation. Nothing was decided. It was said, then, to announce the principle of budgetary limitation, and it was also objected that wide differences existed in parliamentary and accounting procedure in the different countries.

The budgetary draft disarmament convention provides for an annual return of expenditures on a common form. The committee drew up a model for this form, together with detailed instructions concerning its use. Slight variations in the method of filling in are provided.

The committee proposes that all expenditure for armaments be shown from whatever source, and that if any doubtful items arise and are excluded from the returns, they are to be made the subject of publicity.

Proposals are included for the adjustment of limits of expenditure to market variations in the purchasing power of currencies.

WILBUR PROPOSES PENALTY FOR SALE OF FEDERAL DATA

Interior Secretary Asks
Congress to Prevent
Repetition of Kelley's Action
on Oil Land Charges.

By the Associated Press.
WASHINGTON, Feb. 28.—Punishment for employees of the Government selling papers or information concerning Government records and for those purchasing the data has been proposed to Congress by Secretary of Interior Wilbur.

The recommendation, contained in a letter sent yesterday to Chairman Nye of the Senate Public Lands Committee, was the outgrowth of charges by Ralph S. Kelley against the administration of the Interior Department published in articles sold to the New York World.

Kelley said Wilbur, entered into contract with the World before receiving connection with the Land Office. The contract provided the amount to be paid him would be out in half if he were discharged before offering his resignation.

Front officials told the Associated Press they expected that the naval accord in principle would be followed by adherence of France and Italy to the London naval treaty.

The French Foreign Office was kept constantly in touch by long distance telephone with the details of the conversations in Rome, and for this reason it was believed that the meeting tomorrow between Briand and Henderson would be more a matter of form than of detail.

COWBOY FOUND TO BE A WOMAN
BLACKWELL, Ok., Feb. 28.—Jack Carlton, bronzed cowboy employed several years on ranches in the vicinity of Midland, Texas, was revealed today as a woman.

Mrs. J. L. Jones, head of charities at Tonkawa, Ok., said hunger had accompanied what years of hardship and privation had not. In forcing the "cowboy" to admit she was Grace Carlton, part white daughter of a Cherokee-Indian woman.

Dressed in man's garments, Grace Carlton, "just wandered up this way" after losing a job in Texas. She said she was unable to find work and appealed to the Associated Charities for food.

Questioning Mrs. Jones said, ended a masquerade of 14 years.

CAPONE PREPARES TO APPEAL SIX-MONTH JAIL SENTENCE

Gangster Gets 30 Days in Which to Prepare Papers Attacking Conviction.

By the Associated Press.
CHICAGO, Feb. 28.—Found guilty of contempt of court and sentenced to serve six months in jail, "Scarface Al" Capone, Chicago gang leader, granted a 30-day stay of execution, prepared today to carry his case to the United States Circuit Court of Appeals. He is at liberty under \$50,000 bond.

United States District Judge James H. Wilkerson was frankly disbelieving of Capone's story that he was too ill in Florida to answer Chicago Federal grand jury summons in March, 1929. The judge said Capone's doctor's corroborative affidavit was "glaringly false."

Meantime Chicago's No. 1 gangster, who has been in and out of State criminal court here next Wednesday to answer to a charge of vagrancy, "He (Capone) has had no legitimate occupation for years," said Assistant State's Attorney Ditchburn.

BASARABSK, Rumania, Feb. 28.—A Rumanian today lay in wait for a man who had thrown stones at their shutters, killed a 15-year-old boy by mistake and then, threatened by a crowd, shot and killed themselves.

37 PCT. RISE IN FARM LOANS
\$12,741,000 Lent in Last Three Months of 1930 by U. S. Board.

By the Associated Press.
WASHINGTON, Feb. 28.—Secretary of the Treasury Mellon reported to the Senate yesterday that the number of applications for loans from the Federal Farm Loan Bank during the last three months of 1930 showed a 37 per cent increase over the corresponding period of 1929.

The report said during the last three months of 1930 there were 220 loans closed for an aggregate of \$12,741,000, which compares with 286 loans for \$10,420,700 during the last three months of 1929. The loans in December, 1930, were 46 per cent greater than those in December, 1929.

The report added that of the Joint Stock Farm Loans chartered under the Farm Loan act, one was in voluntary liquidation, three in receivership and 48 still in operation.

Boiler Flooded; Janitor Non-Union
The boiler in an apartment house at 3712 McPherson avenue, where a non-union janitor is employed, was flooded yesterday afternoon according to a report by Edward Gray, the janitor. Gray said he saw a man, who had approached him to join the union, loitering near the building earlier in the day. The damage was not estimated.

Dependent Woman Sought.
Police have been asked to search for Mrs. Mollie Clark, 40 years old, 2608 North Thirteenth street, who left home last Wednesday afternoon, threatening to jump from the municipal bridge. The search was requested by daughters of Mrs. Clark, who said she had been dependent.

LARGE TEXTILE FIRM PUT IN RECEIVERSHIP

Manville Jenckes Co. Has
\$2,900,000 Liabilities —
6500 Plant Workers.

By the Associated Press.
PROVIDENCE, R. I., Feb. 28.—The Manville Jenckes Co., one of New England's largest textile firms, with mills in Rhode Island and Gastonia, N. C. was placed in the hands of temporary receivers today.

Liabilities amounting to \$2,900,000 in outstanding demand notes, for which creditors are pressing, were cited in the petition, sponsored by three stockholders.

The company employs 6500 operatives, about 4000 in its Rhode Island plants at Pawtucket, Central Falls, Manville and Woonsocket, and 2500 in its mill at Gastonia. It operates 5770 looms and 25,646 spindles in this state and 1274 looms and 15,547 spindles in North Carolina.

The petition for receivership was filed by Frederick L. Jenckes, Charles D. Owen and J. Richmond Fales, who held a total of 4091 shares of the company's preferred stock and 6333 shares of common stock, according to the petition.

Frank H. Swan, counsel for the petitioning stockholders, stated that the purpose of the receivership was to insure the uninterrupted operation of the company pending the perfecting of plans for reorganization.

INDIAN WOMAN FREED OF MURDER CHARGE

Acquitted at Second Trial of Instigating Killing of 'Artist's Wife.

By the Associated Press.
BUFFALO, N. Y., Feb. 23.—Lila Jimerson, Cayuga Indian woman twice tried for the murder of Mrs. Clotilde Marchand last March, was acquitted by a jury today.

The jury brought in its verdict at 10:07 a. m. after having been locked up over night. The case was given to the jury at 4:50 p. m. yesterday. The trial began Feb. 16.

The State contends that she had instigated the murder of Mrs. Marchand so that she might be more free to carry on her admitted intimacy with Henri Marchand, another husband of the Indian woman.

The defense sought to show the Indian woman had no knowledge of the crime before its commission and that others had motives at least equally as strong as hers for desiring the death of Mrs. Marchand.

**SENATOR SUGGESTS STATE TAX
FOR BLIND PENSIONS BE CUT**
D. L. Bales of Shannon County
Proposes Rate Be Lowered from
Three Cents to Two.

By the Associated Press.

JEFFERSON CITY, Feb. 23.—A suggestion for a reduction in the tax for payment of pensions to Missouri blind from three cents on the dollar value to two cents has been made yesterday by Senator David L. Bales (Dem.), Shannon County.

Senator Bales' suggestion came during an attempt to engross a bill increasing the pension paid to Missouri blind, sponsored by Senator Derwood Williams, Troy.

Williams' bill would add \$5 a month to a pension of \$25 a month to 3413 on the pension list, he said. The cost each year would be \$204,-

900. Senator Lon S. Haymes, Springfield, asked that the measure be amended liberalizing the requirements to get a pension so that about 1000 could be added to the list.

New York Day by Day

By O. O. McIntyre

NEW YORK.

A LOVELY little 4-year-old girl has been spending the day at our house. She arrived early

SO I slunk into my cubbyhole feeling much the dud as a child entertainer. In about a half hour there was a timid rap on the

and when I sat down for breakfast climbed upon a chair opposite and with all the precocity of her years began to pop questions. "What is glass?" "What is 'What is glass'?" I took a few extra bites, cleared my throat and replied: "Why glass is—is-a, you know, sort of slick stuff," and then with sudden brightness and picking up a water glass, "just like you see in this tumbler."

"But what it is made of?" she persisted. "Taking a large swallow of coffee to spar for time I fumbled: "In making glass you take— But the way for you to remember is for me to read it to you out of the dictionary." And I did, which if I do say, was trigger thinking.

all about getting the glass question solved. I was in the middle of a brown study while I scanned the headlines. Then without warning she popped this one: "How do you know rubber is different from glass?" With "Rubber. Not rubber. You mean rubber like in a wubber ball?"

"That's it," she cried, "wubber! her hands. 'How do you make it?'" So I parried: "Of course, you know rubber is different from glass. Everybody knows that. It's not like glass. Rubber ball can't bounce glass."

No sir. Let's play a new game I just thought up.

"But I don't wanna play games. I want to know how to make wubber!" A telephone call offered a few moments of grace and if whoever it was thinks I talked a trifle nuttier than usual, and reads this he will understand I was just stalling for time.

There was a very good reason enthusiastically: "Want to see an alligator?"

And I crossed my eyes, bared my teeth, opened and closed my mouth slowly and rumbled a deep: "Woodshed! She let go an ankle deep shriek. Her wife ran in and snapped: "Can't you play with children without scaring them silly?"

dy ing to get.

AFTER Crawley left little Miss Questionnaire came back and to keep her mind off the rubber industry I invited her to take a horseback ride on my outstretched leg.

Schumann's Rhensish Work at the Odeon.

By THOMAS B. SHERMAN.

GEORGE ZEILL, the Viennese conductor who was introduced to St. Louis audiences last year, reappeared as director of the St. Louis Symphony Orchestra yesterday afternoon at the Odeon. His program consisted of Schumann's

have anything more than the limited appeal of a musical curiosity.

The performance of this suite put a heavy strain on first desk men in the orchestra, and, though the two overtures failed at times, the performance as a whole was satisfactory.

The "Lenore" No. 2 overture, which closed the program, is interesting only as an evidence of the

Rebush's symphony, the Stravinsky-Perogol's "Pulsinella" suite and Beethoven's "Leonore" overture No. 2. The public was polite but hardly demonstrative.

The Schumann symphony—even when it is as thoroughly edited as it was yesterday—lacks the architectural solidity and the vivid dynamic contrasts necessary to be-

coming a great public favorite. Even so it is a symphony that should never be lost to the orchestral repertoire of its thematic material is among the best of the whole romantic literature and it is full of a deeply suggestive charm. Moreover, one feels, after making a mental comparison of

the true Schumann symphonic structure and the revised version by Frederick Stock, that the first is infinitely preferable on the ground that it is not only more honest but more convincing.

Szell's revisions were directed toward a proper articulation of the important structural lines in the symphony, and they were made

without taking away a single note or without adding one. If he did was to eliminate some of the unfortunate doubling of instruments and to change, in a number of places, the dynamic relationships of the several parts. The net result was an appreciable clarification.

The symphony was rendered with

T

Speaker for the Second Week

EDGAR F. WITTE

Intelligence and sympathy though it seemed to this reviewer that the first movement was a little over-deliberate. The orchestra also lacked—as it always does in the first week of a new conductor's engagement—that evenness of texture which goes with a proper blending of the instruments.

The Stravinsky "Pulcinella" suite

BEAUMONT WINS FROM SOLDAN; TEAMS TO PLAY FOR HIGH TITLE

By Harold Tuthill.
It was an inspired Beaumont five that defeated Soldan, 24 to 14, last night to enable the North Siders to tie with Soldan for the championship of the City High School Basketball League. It was the third time this week that the regular season in the St. Louis district conference play ended in a deadlock, teams in the Southern and Preparatory leagues turning the trick earlier in the week. The game was played at the University gymnasium, before 2,500 fans.

Beaumont got "hot" at the start of its battle and remained that way until the horn had sounded at the end of 32 minutes of play. Arthur Gerst sneaked through the Soldan defense after the initial tip-off for a set-up and Hayward Gray followed with another to send Beaumont into a lead that was never relinquished.

The "second-guessers," those who decide how the game should have been played after it was all over, had two criticisms to make of Soldan's performance. One was that the Soldan defense, with two men out and three back, offered Beaumont too many opportunities for side-line shots, and the other was that George Zonnis should have been in the game longer than he was.

The answer to the first guess is that Beaumont's deadly work was done by Howard Gruber, who scored five field goals and a free throw for 11 points, although he was handicapped by a protector for his broken nose. As to Zonnis, it is certain that he offered a better exhibition of basketball with three field goals and two free throws, than did Kiefer Haselmann, who started at center and who failed to score.

The progressive score of the game follows:
FIRST QUARTER: Beaumont, 10; Soldan, 6.
SECOND QUARTER: Beaumont, 24; Soldan, 14.
THIRD QUARTER: Beaumont, 34; Soldan, 14.
FOURTH QUARTER: Beaumont, 44; Soldan, 24.

The outcome of the second game was of little significance that Bert E. Feunaga of Cleveland started his second team against Beaumont. The Rough Riders jumped into a lead, which Cleveland's regulars could not overcome, although they drew to within two points of their South Side neighbors at the close of the third quarter, when the score was 14 to 12, in favor of the Rough Riders.

The play-off for the final honors will be next Friday night at St. Louis University gymnasium, according to an unofficial announcement made by P. L. Staveth, secretary of the league. Beaumont will be required to get permission from the State Athletic Board to play the game, since it has filled its regular quota of 16 games.

Boxers Are Suspended.

MINNEAPOLIS, Feb. 28.—The Minnesota Athletic Commission today barred Billy Petrolle and King Tut from boxing for a period of 30 days for participating in boxing in this state pending the outcome of an investigation of their fight in New York last night.

Suspension of their licenses in Minnesota will automatically bar them in the 27 member states of the National Boxing Association of which Minnesota is a member.

Dr. Andrew Silversen, chairman of the Minnesota commission, said the order would bar Petrolle and Tut from fighting in this state until the fourth-round knockout of Tut last night is investigated by the New York Boxing Commission.

Present Lewis and Elmer, two managing fighters and Hurley from either managing or functioning as matchmaker for his boxing club in Duluth, Minn. Hurley is Petrolle's manager.

INDOOR SPORTS PURSES HELD UP AFTER PETROLE KNOCKS OUT KING TUT

WASHINGTON TO BATTLE AGGIES IN TITLE GAME

Special to the Post-Dispatch.
STILLWATER, Ok., Feb. 28.—Whether an inexperienced basketball rival, showing considerable spirit and gaining in playing ability as the season progresses, can stop a veteran squad which has exhibited a consistent brand all year will be decided here tonight when the Washington University and Oklahoma Aggie members of the Missouri Valley Conference meet.

The Cowboys, playing their second year under Coach George Rody are mostly sophomores and while they have never exhibited a really first-class brand of basketball they have shown constant improvement and at times a world of fight.

Washington, on the other hand, started the season as top heavy favorites and won their first games in rapid fire fashion. But when Ted Sasseau, brilliant forward, and Whitehouse, dependable guard, were declared ineligible about the middle of the season the St. Louis team was hard hit.

In tonight's game Washington will be fighting to retain leadership of the conference while the Aggies will be scrapping for a chance to tie with the leaders for top honors. Washington has only to win the game to complete the season in a blaze of glory and be assured of first place. The Aggies, on the other hand, must subdue Drake University Tuesday night to be counted as even a co-champion.

Max is En-Tour.
MAX SCHEMELING will be on the wing again, resuming his tour where he left off to look over his prospective title, here—Young Stripling. Max is touring many tank towns and some big league cities on this barnstorming trip, which will continue until April 18, when he finishes at New York City.

On March 2 he will start out again, his journey taking him through the South, south, to Texas and back through Oklahoma, Arkansas, Tennessee, Illinois, Missouri, Iowa and other states. He touched at Kansas City, but he will give St. Louis a wide berth, despite the Mound City large German population. Chicago Stadium will see him on his last major Western appearance.

In April, he will start training for his championship fight—his first, and many believe, his last defense of his crown.

Easy for Mickey.
TALK of Mickey Walker surrendering that middleweight title seems rather foolish. Mickey weighed 165 1/2 pounds for Rieko and was not down a fine. He could do 160 at 2 in the afternoon without hurting himself, apparently.

ST. LOUIS STARS FAIL TO QUALIFY IN SKATING MEET

Special to the Post-Dispatch.
CHICAGO, Feb. 28.—Taking frequent tumbles to the ice with all the easy grace of hockey forwards attempting to frame an opposing defense man into a journey to the penalty box for tripping, St. Louis skaters failed to win as much as a single place in the point standings at the North American indoor ice skating championships got underway last night at the Chicago Stadium.

Whether the St. Louisans who made up a sizeable portion of the field of the continent's best speed skaters who have gathered in a two-day assault upon the indoor records, have been practicing upon straightforward courses, or were simply unfortunate, it was quite evident that inability to keep their feet on the oval stadium course cost them any chance they might have had to break into the scoring.

At the end of the night's competition, Frank Stack of Chicago led the senior men's division with 40 points, having won two races, four skaters—Elsie Mueller of New York, Helen Bina and Elizabeth Dubois of Chicago and Dorothy Franes of St. Paul were tied for the senior women's section with 40 points each. Dick Smyth of Detroit had a decisive lead in the intermediate boys' section with 40 points, and Clay Burnette of Detroit and Vic Ronchetti of Chicago were tied in the junior boys' section with 40 points apiece.

Two national indoor records were broken. In winning the half mile intermediate boys' race in 1:24.5, Dick Smyth broke the record of 1:25.2 set by Howard Speed set at Detroit in 1929.

Elsie Mueller of New York won the senior women's three-quarter mile race in 2:18.5, likewise bettering the record of 2:17.5 which Loretta Neitzel set at Detroit in 1929.

What was perhaps the outstanding example of tumbling by the St. Louisans came in the trial in the men's senior division. Harry Purman, in the third heat, Mel Dubinski took a sprawling fall while in the lead on the final lap. Lamar Otten fell in another heat, and Jim Jamieson and Fred Wettlaufer tumbled in the fourth in another after having evaded by the narrowest of margins a tumble over another skater who went down on one of the turns. Otto Brands, who finished second to Eddie Schroeder of Chicago, in one heat was the only one to qualify, and he was eliminated when he finished well back in one of the semifinals.

In the preliminary heats in the quarter mile for junior men, in which two men qualified in each heat, Lamar Otten was the only St. Louisan to qualify. He took a tumble in one of the semifinals. Three other St. Louis skaters won nothing in the quarter mile for junior men, which counted for nothing in the point standings because of their failure to remain in the running in the 10 events contested last night.

BEAUMONT WINS AND TIES FOR LEAGUE LEAD
Continued From Preceding Page.
story and seventh in league play, defeating Normandy, 23 to 22, on the St. Charles floor. Maplewood clinched second place with a 24-to-12 decision over Kirkwood, and Webster defeated Clayton, 22 to 12, in a non-league game on the Clayton court.

University City entertained the cadets from the Missouri Military Academy and lost, 25 to 19, and Ranken won from Chamjane, 21 to 19, in other nonconference games.

Dupo, winners in the Cahokia circuit, kept in training for the district meet on the East Side by downing Belleville, 23 to 16, in an inter-conference game at Edwardsville. The preliminary was won by Edwardsville, which defeated Belleville, 26 to 16. Dupo, Belleville and Lebanon teams will participate in the tournament at Belleville, while Edwardsville will be the scene of the other district teams, starting next Wednesday.

Ohio U. Five Wins Title.
By the Associated Press.
OHIOVILLE, O., Feb. 28.—Ohio University's basketball team won the 1931-32 national championship for 1931-32 by defeating Denison, 28 to 17, in the final game of the season here last night.

McClelland Will Referee Carnera And Maloney Bout

MIAMI, Fla., Feb. 28.—LIMER "BLIM" McCLELLAND of Detroit, yesterday was named referee for the Primo Carnera-Jimmy Maloney fight which takes place here next Thursday. The Carnera faction had agreed to the choice of an official, except one from Boston. It was then that Carnera claims he received the worst of a home-town verdict. Manager See told the Post-Dispatch that Carnera had not as yet indicated in any way that he would try to punch the bag a little bit tomorrow.

BILL TO PERMIT 15-ROUND BOUTS GOES TO HOUSE

By a Special Correspondent of the Post-Dispatch.
JEFFERSON CITY, Mo., Feb. 28.—The Ploeser bill, amending the State Athletic Commission law to permit 15-round boxing bouts, with a decision, where a national or international champion title is involved, was engrossed by the House last night, without amendment, and now goes on the House calendar for passage.

The bill, introduced by Representative Walter C. Ploeser of the First St. Louis District, makes no other change in the law. Bouts other than those involving championships will be limited to 10 rounds, no decision, as under the present law. The bill adds the following proviso to the law:

"Provided, however, that the Athletic Commission of Missouri may issue permits for contests not to exceed 15 rounds of three minutes each duration whenever a national or international championship is at stake; and provided further, that in such contests a decision may be rendered by two judges and referee appointed by the commission."

The bill was engrossed with virtually no discussion, and without a record vote. Representative James A. Ramsey, a minister of Charleston, Conn., was the only member to offer an objection. He said that when the bill establishing a State Athletic Commission to regulate boxing was brought to the Legislature in 1927, the sponsors said they wanted only 10-round, no-decision bouts. "Now they want 15-round decision bouts," he said, "and if this bill is passed, they will come back later for 10-round bouts."

The law, as passed in 1927, gave the commission control only over boxing and sparring exhibitions, but in 1929 the act was amended to place wrestling bouts under control of the commission.

BOBBY JONES WILL REMAIN AS MEMBER OF SCOTTISH CLUB

ST. ANDREWS, Scotland, Feb. 28.—Robert Tyne Jones Jr. is to remain an honored member of the Royal and Ancient Golf Club as long as he is happy to please. His new role of highly paid professor of the theory and practice of par at Hollywood is no reason whatever for taking the welcome part of the royal and ancient doorman when Bobby visits St. Andrews. And you can take that from Norman Brown, than whom there is none more sapient on the subject of the royal and ancient golf.

Protest Bows announced, and adds that he is happy to announce, that Bobby Jones will remain an honored member of the Royal and Ancient Club unless he commits a misdemeanor which would force him to resign. Said misdemeanor being failure to enter the annual membership dues for the royal and ancient golfers.

RAIL SHARES DRAG MARKET LOWER: SOME RECOVERY

List as a Whole Closes Irregularly Off With a Somewhat Heavy Tone — Sales Aggregate 1,700,000 Shares.

By the Associated Press.
NEW YORK, Feb. 28.—The rail shares, which pulled the stock market up from the low levels of last December, dragged it down today, but strong support appeared in the final dealings, and much of the loss was recovered.

Drops of 1 to 5 points in the earlier issues were accompanied by numerous declines of 1 to 2 in other sections of the market, particularly the utilities, but the principal industrial shares were well supported, and a few closed with small gains.

The rails had made little upward progress during the last month, which has seen such vigorous advances in the utility and industrial divisions, and with the bulk of the January net operating income reports now in, and in the main, the month of 1930, the stock dropped to bear selling. The list as a whole closed irregularly lower, with a somewhat heavy tone, and transfers for the hour session aggregated 1,700,000 shares.

New York Central Heavy.
New York Central was a heavy feature, with its report for January showing net of only \$1,172,100, against \$5,609,632 in the like month of 1930. The stock dropped only a little more than 3 points. Net operating income for the first 47 roads reporting for January, shows a shrinkage of 37 per cent from the like period of last year.

New Haven dropped 3, but recovered all but a fraction. Baltimore & Ohio regained half of a point, and more, but lost the rest. Pennsylvania, Chesapeake & Ohio, and Chicago & Northwestern, while Norfolk & Western dropped 5.

Other shares closing about a point or more down included U. S. Steel, Bethlehem Steel, Standard of California, Westinghouse, Sears and Roebuck, Auburn lost 2.

The local traction and utility features, both in the north and Brooklyn-Manhattan gaining 3 points. General Railway Signal gained 2, and Paramount, American Smelting and Anaconda closed up about a point.

General Electric, Radio and American Telephone were up fractionally at the finish. Speculation for the rise was pressed forward in Columbia, which closed a point or more up, and which rose 1 1/2 to a new high for 1931.

Steels Are Sluggish.
Coppers were influenced by expectations of a general increase in metal prices next week, with one producer already quoting 10 1/2 cents a pound, up 1/2. Steels were somewhat sluggish, in view of an estimate indicating that operations in the Youngstown area will be reduced.

The weekend business and trade reviews reported only moderate or slight claims during the past few days, and with business reaching the season of its usual peak activity, stock traders were inclined to tread cautiously until the trends of March become more clearly defined.

SHARES SOLD NEW YORK, Feb. 28.—The New York Stock Exchange reported that 1,700,000 shares were sold yesterday, compared with 1,600,000 a year ago. Total sales for the week were 10,000,000 shares, compared with 10,000,000 a year ago.

NAMED TO DRAW CHARGES AGAINST TREASURER BRUNK

Six Members of Clay Committee Which Urged Impeachment Appointed by Speaker Nelson.

REPORT TO HOUSE LIKELY WEDNESDAY

If Adopted and Certified to Senate, Accused Man Will Be Put on Trial for Official Life.

By the Jefferson City Correspondent of the Post-Dispatch.
JEFFERSON CITY, Feb. 28.—The six members of the Clay Committee which recommended impeachment of State Treasurer Larry Brunk for "high crimes, misdemeanors and misconduct in office," were appointed last night by Speaker Nelson as members of a special committee created by the House to draw up the formal charges against Brunk. These charges become the articles of impeachment when adopted and transmitted to the Senate.

The appointments were made under a House resolution Wednesday declaring "it is the sense of the House" that Brunk be impeached.

Members of the committee are Representatives Stanley P. Clay of Joplin, chairman; Willis H. Meredith of Poplar Bluff; N. M. Bradley of Warrensburg; Don C. Carter of Sturgeon, Democrats; Rush L. Limbaugh of Cape Girardeau and George F. Heege of Kirkwood, Republicans.

Speaker Nelson said the committee probably would be ready to submit the formal charges to the House for adoption about Wednesday. Members of the committee said the charges probably would conform to the 12 specific charges preferred by the Clay Committee in its report recommending impeachment. The charges made by the Clay Committee included an alleged conspiracy by Brunk in connection with its sale of securities to Missouri banks to be used as collateral for State deposits, as a result of which Brunk is alleged to have received \$10,000 as "a commission or a gift" that Brunk made a profit out of funds belonging to the State; that he accepted favors due to his official position which prejudiced the rights of the State; that he failed to make reports required by law and that he made alleged false reports; and that he was negligent in performing the duties of his office.

TESTIFIES BODIES ABSORBED POISON FROM THE SOIL

Chemist on Stand for British Woman Accused of Murder

of Two.

By the Associated Press.
LAUNCESTON, Cornwall, England, Feb. 28.—Defense counsel in the trial of Mrs. Sarah Hearn for the murder of two women yesterday introduced the testimony of a chemist to establish the presence in the soil of Cornwall of the same poison which the State contends killed Mrs. Alice Thomas, a neighbor of Mrs. Hearn, and Miss Lydie Everard, Mrs. Hearn's sister.

It exists in the soil in a natural state, the chemist testified. Defense counsel said that examinations had been made of soil taken from the graves in which the two women are buried and he suggested the body might have absorbed the poison in the soil, thus throwing suspicion on Mrs. Hearn.

The prosecution, however, said it would introduce expert testimony to establish that traces of the poison found in the bodies could not have been absorbed from the soil because in its natural state the poison was insoluble.

"Los Angeles" Meets Delay.

By the Associated Press.

PARRIS ISLAND, S. C., Feb. 28.—The Navy dirigible Los Angeles arrived here from the Canal Zone at 8:45 a. m. today. Weather conditions along the coast were poor.

Officials announced a time for continuation of the ship's trip to its home base at Lakehurst, N. J., would not be set until later in the day.

BERTILLON CHIEF

LIEUT. WALTER C. HEITZ.

WALTER C. HEITZ PROMOTED TO HEAD BERTILLON SYSTEM

Detective Sergeant, Fingerprint Expert for 15 Years, Succeeds Lieut. Richard M. Joyce.

Detective Sergeant Walter C. Heitz was appointed Superintendent of the Bertillon system yesterday by the Board of Police Commissioners, succeeding Lieut. Richard M. Joyce, who died Feb. 3. The position carries the rank of Lieutenant, with Captain's pay.

Heitz, who is 43 years old and lives at 6474 Scanlan avenue, has been connected with the Bertillon system for 15 years as a fingerprint expert. He joined the police force Aug. 9, 1913.

VETERANS' WELFARE GROUP DROPS MAYOR FROM ROLLS

Miller and Four Other Trustees Are Let Out for Inactivity.

Mayor Miller was dropped from the rolls of the Veterans' Welfare Association, Inc., last night because of nonpayment of dues and inactivity in the organization. He was a charter member and a member of the board of trustees. The action was taken at a meet-

ing of the association at the 138th Infantry Armory, Grand boulevard and Market street, the Mayor being one of five trustees dropped. The others, all of whom were dropped for inactivity, were: Robert Burkham, attorney for the Board of Education and a former candidate for Mayor; Allen C. Orrick, former president of the Board of Police Commissioners; Francis M. Curlee and James M. Byrnes. Miller and Burkham were elected trustees at the organization of the association Jan. 28, 1926. They were to have served three-year terms. Curlee and Byrnes had one

year to serve on two-year terms. More than 100 members of the association were present at last night's meeting and voted to oust all trustees who were inactive or who had been disqualified for service by failure to pay dues of \$1 a year. Qualifications of the trustees were announced by James W. Skelly, treasurer of the association, which has offices in the Ambassador Building. Officers of the association said Mayor Miller called on them a month ago to get help in entering his application for an adjusted service compensation certificate.

BOY, 6, INJURED INTERNALLY WHEN RUN OVER BY AUTO.

Donald, 6-year-old son of Mr. and Mrs. Edward Lambur, 4314 Toenges street, suffered internal injuries at 6 p. m. yesterday when run over by an automobile in front of his home. He is at Lutheran Hospital in a serious condition. Louis Katich, 3409 Wyoming street, the driver, told police the boy ran in front of the machine.

Walter Jackson, Negro houseman at the home of Mrs. Marie Wilson, 4382 Westminster place, suffered a fractured leg yesterday afternoon when he lost control of a machine he was learning to drive and ran into a brick tower marking the entrance to Kingsbury court at Clara avenue. Mrs. Wilson, who was instructing Jackson, suffered shock.

RUSSIAN WHEAT IN MEXICO
By the Associated Press.
MEXICO CITY, Feb. 28.—The newspapers Excelsior says a shipment of 2000 tons of Russian wheat arrived yesterday at Tampico on the Norwegian freighter Steinstad.

Although the vessel comes from a Canadian port, it is said that the cargo is known to be of Russian origin. The wheat is being loaded and shipped by railroad for distribution in Central Mexico.

SUNSHINE MELLOWS

Heat Purifies

LUCKIES are always kind to your throat

Everyone knows that sunshine mellows—that's why the "TOASTING" process includes the use of the Ultra Violet Rays. LUCKY STRIKE—made of the finest tobaccos—the Cream of the Crop—THEN—"IT'S TOASTED"—an extra, secret heating process. Harsh irritants present in all raw tobaccos are expelled by "TOASTING." These irritants are sold to others. They are not present in your LUCKY STRIKE. No wonder LUCKIES are always kind to your throat.

"It's toasted"

Your Throat Protection—against irritation—against cough
